CAT Mario Historycat Mario is a tremendous game from 1 2D players. Cat Mario developed by Chiku 2007 at a college festival. Chiku has developed some parts of this game for this college festival but when he got some positive and fantastic results from his teachers and even his classmates appreciate him, then he decided to develop a complete game. There are six levels of CAT Mario Game and each level has many traps and many crazy bosses. So you have to understand the game before going to play cat mario.cat mario details, you have to play this game with a small white cat on some unjust stages because this game is the base of booby traps and you can't believe anyone. All phases have different rules and a different way to cancel. If you think you have deleted the 1st Stadium and you can delete others easily, so you're totally wrong. Each phase has different faucets and several garments. Your stage can fall on your cat. The place can go when you land your cat in a good area, as everyone thinks that this is a perfect area for support. The food can be a leader and can kill you, so be careful. When you're facing these problems, you can feel that music is so spicy lol but you can't be. The music of this game can disturb you at the first time. But after super pass some phases you can understand that this is a perfect sound for this game. The graphics è HD but a little up and down because this is a simple HD platform but Rough Graphics Game. The graphics of this game is so beautiful but these are all a bit raw and you can't change the graphic of the game. But the last thing is that you have to be more clearer, then the stage and traps. À ç à, ~ – was created by the Japanese developer in 2007 in Japan, Japan's action is an HTML5 / JSà ç online game. Online to play free on a browser. People know this game with the alternative name Cat Mario. His original name is the Syobon action. This is actually a famous 2D game. It is a typical game of rage. This could be one of the first games ever created and incredibly stands still to today! In This game, each level has only 1 checkpoints and 6 levels, but I will never guarantee you at 1 level without playing 50 times, or for some people, it's impossible. It's not the original version. This game is modified and created by Lijia Tiwb in HTML5 version. Syobon Action is originally created in HTML5 / JS.adobe Flash Player is going to die in 2020 December, the first question hit the mind. How can we play Flash 2D Game and other games. Don't worry, ours Game is not in Java Script (JS). We have the HTML5 version D El Game on our website. After December 31-2020 you can easily play Cat Mario unlocked without Adobe Flash Player End of Life. As you pass Cat Mario Level 1? Go to overcome all the obstacles to the end and when you're in the end, then skip the flag, wait for the ghost to appear from the surface and climb, then return to the flag and jump on it. What will you win the Chiku game level 1. How to pass the Cat Mario Level 2? At the beginning of level 2, a regular game. It is going to fall when any weight is about to touch the surface. Avoid mushrooms every mushroom you take, you will die in this game. If you want to pass the left-right ghost moving, you have to hit the first mysterious block, then the mushroom is coming out of the block and going to kill that ghost, which has a crown in his head. You have to hit a mysterious block when it is a block half, then easily jump and easily find a way. There are many traps hidden similar to level 1. Hidden traps: bad cloud, bad cloud, showering, all that touches 90% probability you will die. Your only mission is to complete the mission, then run the fastest possible as quickly as possible to dodge each trap. In the last, you have to go the first pot of the plant because if you go from the first course, you will die when you're trying to go to a pot of plants in Owata Zone.à hidden trap when you jump forward for Plant Pot 1, then stop all Beginning because if you touch the surface, the cadrÀ surface, and you will also die. Skip on the surface from the beginning, then go to a plant pot. Only the last step on the left in CAT Mario unlocked, you have to jump on the first yellow point of the flag that bounces continuously on the highest point of the flag, then jump the second flag. Congratulations, made the passed mission. How to pass Cat Mario Level 3? At the beginning of the white Mario 3 level, avoids the mysterious box. If you do it, it starts to appear and they will kill you. There is also a trap hidden from the mysterious box at 4 steps, the surface is going down. If you need to pass this step, you have to collect a mysterious sign, then you have to jump on a mysterious box from the stars. (The star is the enemy) (he shook hidden traps). The next step, you need to go to the final corner of the surface, then jump the hidden mysterious box and then jumps on it and jump on the block, then jump more one step. In some versions, there is also a secret area when you jump you fighting then something appears in the fall area, and they give you a huge leap in a secret area where you can collect coins and all that nothing can kill you then when you are Going into plants. Your death is mandatory because when you fall from the sky and touch the bad cloud (avoid the secret area). If you don't want to go to the secret area, then hit the mysterious box, then jump on it, then jump over and again. Now see the lines that stop in Air First Line is for broken when touching. Skip only on the second fast brick as a possible jump from the second brick to the surface. Do not touch the third line. You can push you away, and you're about to die. Furthermore, do not skip the block before the line; Lawyer can also kill you jump only on the surface (ground). This level is more difficult than level 2.If you want to finish this game, then do not touch any mysterious block. Don't go and plant a 100% chant warning pot if you're in the middle of the game. In the middle of the game, there is a white robot on the other side of the surface did not hit a hidden mysterious block. If you hit you, you will die because a yellow laser kills you if you try to jump from the mysterious coin block. The robot is not a threat; You can throw yourself away from her fun. When the robot passes, then see 2 vessels of large plants. You have to jump on the first course of the plant, then jump from the second because you will die if you jump on the second you have to jump to the flag checkpoint. Do not jump on the spiral; You will kill you. It goes too high, and do not hit this left side block you have to go further, jump on the surface in the air when touching the surface you will quickly be very fast to jump to the second portion of Plant Pot then jump to the flag, wait for us to be a robot that waiting for you to jump You will go to endpoint.again you have to jump on the first portion of the plant dish, then jump only once on the turtle, then jumps to a second time, then the turtle disappears and kills every threat in The way to follow him and jump quickly on the flag. Wait, there is a laser left trap that will kill you. If you're going to jump the surface forward forward up to the flag, the laser will kill you. You have to jump forward for flag when you can't see the flag. The mission completed the end (the turtle kills robots only if you don't kill robots with a turtle, there is no end). How to pass the Cat Mario Level 4? Here I'm going to tell you how to beat the last level of play some version but in our version has 6 levels. Yes, you feel right this game has only 6 levels. I also feel from people who are 10 levels, but those are only opinions, not reality. When you play, there is only level 6, but on some versions, there are only 4 levels.don t hit the mysterious block. You are about to die there is also a smiling cat shape box that will kill you because when you pass the cat box is about to fall on you and the surface will fall too you must be very fast when crossing the box and jumps quickly . There is a hot ball out of overwhelmed lava. You have to save yourself from that ball. Subsequently, there is the laser ball line. There is also a hit switch the laser impressed because when you hit that on-off block, the laser will go a long time, then there is no survival possibilities, but if you want to survive running and jump quickly. Do not touch anything and jump on the next surface. Then that hot ball also pass by jumping it very quickly. If you don't jump quickly, the surface is going to break, and you're going to fall. You need to jump on the corners of the surface next to the laser balls, so the surface will not break. Then jump on the next surface and stop at the starting angle of the surface because everything cadrÀ © but it's not that place. Then jump on the next position and eye on the laser when you cross yourself quickly and jump, but jumps from the end of the surface there is a hidden on-off button when you hit the button, then the laser will be great then your death will be saved mandatory from dying With my experience in rapidly and intelligent jumps. Its mandatory, because if you don't hit you that button of the next laser you will never have smaller and you have never been able to spend the next step. When you pass that area, there is also a hidden mysterious box, then jump from the last blocks. If you skip from the last, you will fall into the lava. You can see two mysterious blocks under its untraining trap from which you won't be able to escape, so yes, I'm going to tell you all the details on how to beat this cat Mario Level 4. Now, this part is hard when you cross two laser laser Tip of the line balls is that you have to run and jump quickly it is possible to continue to try, don't worry about failure. You didn't win in the first comedy that is why you are here.don t hitting any mysterious block. These are all traps. When the next laser ball passes, then there are hot balls that come to you to kill you. You have to jump on the laser and quickly jump from the yellow laser line then stop on that surface there are fire balls that await you to jump and kill you must be very fast to dodge the balls of fire and don't take a step on the spring jump you will kill you and through You away from this LOL world. In this game, you have to jump on the next surface and go to the Pot plant. Now you see the flag stick, you have to jump over it and then jump on the completed flag mission. À, à, à, ~ – in some versions of this game levels are different. There is a cat at the end of you if you want to save you from another side cat you have to hit the first mysterious block that there was a poison mushroom coming from the block, then falls the third isolated there is a robot there when Come for Via the poisonous mushroom on the other side of the surface runs quickly with a mushroom when the mushroom touches the trapped cat that kills them now you are safe from the cat of the trap. (It's really hard to do it try, and you can do it, then the surface will catch you from you you have to get to get The more as possible when the surface is falling, passing the stick quickly the surface then it ends, but wait for the chicken chicken to pass. I'm sorry, but they did it even in the 40 attempts. I find that the cat on the other side is also a trap. The final level is not as easy as you thought. There is a hidden trick to finish this. Now you have to hit the only third mysterious block in which the robot appeared the last time, you have to jump on the robot when immediately on the rope jumping, then it can throw yourself away but not kill you everything is completed the final mission. We bet that if we don't say it, it has never been able to do it from 5 to 10 attempts. À ç à, ~ – "How to beat the cat level Mario level 5? At the beginning, you have to jump on yellow lines very quickly one for a jump and cross it when you reach the surface, then like level 1, cross the obstacle and jump The flag and now jumps back to the flag. Congratulations, level 5 is over. This level is easier than level one, two, three and four. The level very easy to jump only. How to pass Cat Mario Level 6? Do you need to Run and jump quickly to this level because the surface is about to fall on you. I ran as fast as possible at the Mario Plant pot, then you are safe. You have to cross the stairs, jump over the flag and now jump on the flag. Now Congratulations, leaves 6, and the game Cat Mario is over. Yes, Cat Mario unblocked level 6 is the last level. Suggestions The jump on Ghost can give your Boost Jump just to finish this mission to jump on ghosts and save from the fall of the surface. Very hard level run the fastest possible.
